Report of School Board

Our superintendent's report covers the ground so fully that there is no need of a separate report from the school board. We are glad to have the same teachers as last year, back. The hot lunches seem to be popular during the winter term and we wish to thank the teachers and mothers for their hearty co-operation in making them so successful.

Respectfully submitted,

MAUDE E. FISKE,

SUSAN P. MAYNARD,

FLORA E. CLEMENT,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Temple:

I submit my third annual report as Superintendent of Schools.

School Organization

There have been no changes in the regular teaching staff since my last report. Miss Hawkins and Miss Pingree having accepted re-election consequently the schools are going along in very good shape. Miss Hawkins has Grades five, six and seven and Miss Pingree Grades one to four. The music this year is in charge of Miss Harriet Tibbetts of Fitchburg, Miss King having declined in order to take a similar position in Milford.

The enrollment this year is somewhat larger than last year because there were no pupils to graduate and we have a first grade of nine pupils. As there are no pupils to graduate this year, the enrollment next fall should be still higher. The average attendance last year was slightly lower than the year before and more than one per cent under the state average. So far this year it is well above the state average.

Supervision

The statistical report following shows forty-eight supervisory visits during the school year, an increase of four over the preceding year. I am trying to give an increasing proportion of my time to visiting the teachers at work and less to office work.

Standard tests have been continued and have been used as a basis for suggesting to the teachers ways of improving their teaching along certain lines. The tests are repeated at intervals of eight or ten weeks so that the progress may be noted and further suggestions given.

Medical Inspection:

The annual medical inspection was made in October by Dr. Pease and he reports as follows:

Number of pupils examined	49
Defective Vision	1
Nervous Disease	1
Pediculosis	1
Deefctive Teeth	31
Enlarged Tonsils	6
Treatments secured since last examination:	
Defective Teeth	11
Tonsils and Adenoids	4

There is no regular school nurse this year and so far there has been no occasion for employing a nurse.

Finances:

The amount of money required for school maintenance is not materially different from the budget of last year except in the item of high school tuition. This will be decreased because there are only five pupils attending high school this year and there are none to complete eighth grade. The legislature of 1925 amended the law making it permissable for a high school to charge up to its own average cost per pupil but not more than the corresponding state average for the preceding year. Last year's average cost in Wilton high school was \$112.66 but the state average was \$97.65; however, the tuition rate at Wilton will be increased only to \$80.00 for next year.

Recommendations:

The work recommended last year on the cement steps was done last summer in a very satisfactory way. I suggest that the woodwork inside the building be re-finished. I know of no other repairs that will be necessary.

The usual statistical tables follow this report. Again

I wish to express appreciation of the loyalty and support of the teachers, school board, and citizens.

Respectfully submitted,

VERNON S. AMES,
Superintendent of Schools.
